

ANYWAY

**I don't wanna know that I must die
I won't need to know I've got to try
I won't ever learn how stayin' in time
I can't feel it anyway**

**I won't open up my eyes tonight
I'm walkin' throu' my life and death tonight
I don't wanna stop my soul to cry
I can't feel it anyway**

**I don't wanna breath your lies tonight
I don't need to know that I must die
Hear your voice tellin' not to cry
I can't feel it anyway
Anyway**

**I won't open up my eyes tonight
I'm gonna let you go your own tonight
I'll spit out all my rage to prove I'm right
I can't feel it anyway
Anyway, Anyway, Anyway**

**Lone, I'm alone by the phone
Lone, bleedin' down I'm alone...**

**Find a way while you run away
Find me a better way**

Find a way how to lose a friend
Find me another way

I don't wanna know that I must die
I won't need to know I've got to try
I won't ever learn hoe stayin' in time
I can't feel it anyway

I won't open up my eyes tonight
I'm walkin' throu' my life and death tonight
I don't wanna stop my soul to cry
I can't feel it anyway
Anyway, Anyway, Anyway

Lone, I'm alone by the phone
Lone, bleedin' down I'm alone...

Find a way while you run away
Find me a better way
Find a way how to lose a friend
Find me another way

LAST DREAM (DON'T WANT YOUR LOVE)

**I Know you say you're feelin' down
Givin' all you got as I Fade out
Your love was wrong and I'll tell you why
You was fillin' all your empty life with mine**

(Don't want your love) **To Kill my strength
(Cause I can see) You Fallin' on the ground
(Don't want you love) To use my brain....
(Cause I can see) see.....**

**I Know you say I Fulfil myself
Just using you like a book put on a shelf**

(Don't want your love) **To Kill my strength
(Cause I can see) You Fallin' on the ground
(Don't want you love) To use my brain....
(Cause I can see) see.....**

chorus:

**I'm Fadin' away
Just let me Fade tonight away
Let me Fade away
You Know there's nothin' left to say
I'm Fadin' away
You Know I'm stoned and there's nothing more to say
Let me Fade away
Leave your emptiness to stay away..... From me!**

**I Know you say you're Feelin' down
Givin' all you got as I Fade out**

(Don't want your love) **To Kill my strength**
(Cause I can see) **You Fallin' on the ground**
(Don't want you love) **To use my brain....**
(Cause I can see) **see.....**

chorus

LOSE MY FAITH

One more try after the thrill
I'm gonna hang up my life... naked on the wall
One more cry to break out free
I don't know why.... I do always fall

We broke our faith up to the hill
The grave is empty now the dead is running free
You don't know my love that kills
It crumbles down and makes you bleed

This time I feel I'm getting out of control
And you're learning how to show your soul
Love ain't no stranger to my faith anymore.... burns in the cold

I don't ever wanna lose my faith
I'll show you how to play the game
I don't ever wanna lose my faith... following you

One more shining star at night
You're staring at the moon... naked next to me
Love is shaking up your heart
Mixed up worlds in the moonlight

One more try after the kill
I'm gonna turn on my life... I ain't never gonna fall
One more cry 'cause I feel free
I'm bound to rise.... I'm breaking all the walls

RUNAWAY

**I packed away my life I'm gonna play
Lost ev'rything I owned to let the dream stay awake
I left the path I walked now I'm so insecure
I don't know the way to do the things I do**

**Found along the way a smilin' child who said
Take me by the hand**

**I packed away my life I'm gonna play
Lost ev'rything I owned to let the dream stay awake
And the child was there just lookin' into my eyes
I was pretty sure his eyes were as blue as mine**

**Found along the way a smilin' child who said
Take me by the hand
Found him along the way there was something in his way
Reminding me myself
Take him by the hand
Take him into myself**

Life is a stranger, Life is a stranger to myself

**She will shine as you feel bad
And turn you up when you are sad
Life is a stranger oh yeah
When you find an angel
Now my soul's so strong**

Runaway, Runaway, Runaway From yourself
IF you wanna get yourself an angel

Runaway, Runaway, Runaway From yourself
IF you wanna get yourself an angel

I packed away my life I'm gonna play
Lost ev'rything I owned to let the dream stay awake
I left the path I walked now I'm so insecure
I don't know the way to do the things I do

Found along the way a smilin' child who said
Take me by the hand

Life is a stranger, Life is a stranger to myself
Life is like an angel

Runaway, Runaway, Runaway From yourself
IF you wanna get yourself an angel

TIME

Tonight I'm alone again, tonight
Keepin' all my pain inside
Givin' all I got to cry
But time is on my side
Time is on my side
Time is on my side
Time is on my side

And I pray I can face another day
Though she left and gone away
Leavin' just a memory
But time is on my side
Time is on my side
Time is on my side
Time is on my side

Time is on my side
Time, no more wasted time oh yeah
I just wanna keep my time
Time is on my side

I don't wanna waste my time
I don't wanna spend it cryin'
I'm alone and face the day
Time is money and I'm gonna pay
Time is on my side

Tonight I'm alone again, tonight

Keepin' all my pain inside
Givin' all I got to cry
But time is on my side
Time is on my side
Time is on my side
Time is on my side

I don't wanna waste my time
I don't wanna spend it cryin'
I'm alone and face the day
Time is money and I'm gonna pay
I just wanna take my time
I don't wanna spend it cryin'
I'm alone and take it more
I don't wanna loose control.....
....But....time is on my side....

BOUND TO FIND A WAY

Tryin' to find a way
I'm tryin' to find a way
Just tryin' to find a way out there

I'm tryin' to find a way
Though you try to make me feel
This way....

I'm so far away
Ten thousand miles from here
Tuned on the waves of my brain

There's nothin' you can say
I'm blowin' out my faith
To a brand new day

I've opened wide my window, I'm gettin' out of my window,
And try to learn to fly
You say it will be better but nothin' lasts forever
Tonight I ain't gonna cry

And find a way to roll away, find a way this time
To break away and seal away from the darkness of the
night
I'll live someday, somewhere I'm gonna lay by the river of
my life
I'll find a way I'm bound to find a way to prove I am
alive....

Tryin' to find a way
I'm tryin' to find a way
Just tryin' to find a way out there

I'm bound to find a way
No use in tying me here
To stay....

I've opened wide my window to let the sun get into
My life non longer sad
You say it will be better but nothin' lasts forever
Tonight I ain't gonna come out sad...

Just find a way to roll away
It's no use to make me stay
I'm gonna sail my ship and ride against the wind
I ain't gonna live my life with broken wings
Find a way to roll away
Find a way tonight

FRKR

(Fuck The Rain Kiss The Rainbow)

I'm feelin' reborn today
Flyin' like a bird
Leaving ground like a jet plane
No chains will make me stay

I'm floating down just like a hurricane
Through my life again
I feel the heat of the blood inside
Push me far away

Fuck the Rain Kiss the Rainbow
I'm on my wings this time
Fuck the Rain Kiss the Rainbow
I'm on my way this time
I'm on my wings this time

I'm feelin' reborn today
Flyin' like a bird
Leaving ground like a jet plane
No chains will make me stay

Fuck the Rain Kiss the Rainbow
I'm on my wings this time
Fuck the Rain Kiss the Rainbow
I'm on my way this time
I'm on my wings this time

Fuck the Rain Kiss the Rainbow
I'm on my wings this time
Fuck the Rain Kiss the Rainbow
I'm on my way this time

Fuck the Rain Kiss the Rainbow
I'm on my wings this time
Fuck the Rain Kiss the Rainbow
I'm on my way this time
I'm on my wings this time

JUNGLE TIGER

**I remember your eyes of tiger in my desert soul
I remember you, jungle tiger when I lied alone
Your roar fascinated me and I followed you
A hunter in search of a woman like you**

**I remember your eyes of tiger in my desert soul
I remember you, jungle tiger when I lied alone**

**Your nails caressing my body
Your teeth on my neck while I was.....
MaKin' love to you.....**

**Surrender on your strength
Pretender your love was thrill**

**I remember your eyes of tiger in my desert soul
I remember you, jungle tiger when I lied alone
Your roar fascinated me and I followed you
A hunter in search of a woman like you**

**Your nails caressing my body
Your teeth on my neck while I was.....
MaKin' love to you.....**

**Surrender on your strength
Pretender your love was chill**

You Killed my life my soul and my crime

To love you bad
You killed my life my faith and my pride
To make you mine....

You killed my life my soul and my crime
To love you bad
A love of clay.....
A love of clay.....

Surrender on your strength
Pretender your love was thrill
